RE: Dominion Energy South Carolina, Inc.'s Filing of Quarterly Monitoring Report for the twelve-month period ending March 31, 2019, and Proposed Rate Adjustments pursuant to the Natural Gas Rate Stabilization Act (\*This filing includes a request for a rate increase and deletion of a rate schedule.\*)  
Docket No. 2019-6-G

Dear Ms. Boyd:

On April 26, 2005, South Carolina Electric & Gas Company n/k/a Dominion Energy South Carolina, Inc. ("DESC") filed an application pursuant to S.C. Code Ann. § 58-5-240 (1976, as amended) for adjustments in the Company's natural gas rate schedules and tariffs. See Docket No. 2005-113-G. In the application, DESC elected to have the terms of the Natural Gas Rate Stabilization Act., S.C. Code Ann. § 58-5-400 *et seq.* (2015), apply to the Company's rates and charges for natural gas distribution services thereafter. In accordance with S.C. Code Ann. §§ 58-5-430 and 440 (2015), DESC hereby submits for filing with the Public Service Commission of South Carolina the Company's Quarterly Monitoring Report for the twelve-month period ending March 31, 2019, and Proposed Rate Adjustments.

By copy of this letter, and pursuant to S.C. Code Ann. § 58-5-430 and § 58-5-455 (2015), we are also serving the South Carolina Office of Regulatory Staff with a copy of the enclosed documents and attach a certificate of service to that effect.

**QUARTERLY MONITORING REPORT  
 FOR THE TWELVE-MONTH PERIOD  
 ENDING MARCH 31, 2019, AND  
 PROPOSED RATE ADJUSTMENTS**

Pursuant to S.C. Code Ann § 58-5-430 (2015) and § 58-5-440 (2015) of the Natural Gas Rate Stabilization Act ("RSA" or "Act"), Dominion Energy South Carolina, Inc. ("DESC" or "Company") hereby files with the Public Service Commission of South Carolina ("Commission") its quarterly monitoring report for the twelve-month period ending March 31, 2019, and proposed adjustments to its rates and charges necessary to provide DESC the opportunity to earn the midpoint of the range of rate of return on common equity as established in the Company's most recent general rate case for natural gas service. *See* Docket No. 2005-113-G. DESC respectfully requests that the Commission accept and review the attached exhibits, and pursuant to S.C. Code Ann. § 58-5-455 (2015), issue an Initial Order approving the proposed rate adjustments set forth in this filing on or before October 15, 2019.

In support of this filing, the Company would respectfully show unto this Commission the following key facts and would request of the Commission for the following relief:

1. Corporate counsel for DESC in this proceeding is as follows:

 Email: matthew.gissendanner@scana.com

All pleadings, correspondence and communication related to this filing should be addressed to the Company's authorized representatives as stated hereinabove.

2. On April 26, 2005, DESC, then known as South Carolina Electric & Gas Company, filed an application ("Application"), pursuant to S.C Code Ann. § 58-5-240 (1976, as amended), for, among other things, approval of adjustments in the Company's natural gas rate schedules and tariffs. *See* Docket No. 2005-113-G. In its Application, DESC elected to have the terms of the Act apply to DESC's rates and charges for gas distribution services thereafter.

3. All the parties in Docket No. 2005-113-G entered into a settlement agreement ("Settlement Agreement"), which was adopted by the Commission and incorporated into and made part of Commission Order No. 2005-619. *See* Order No. 2005-619, Order Exhibit No. 1. At the conclusion of proceedings in Docket 2005-113-G, the Commission issued Order No. 2005-619 finding, among other things, as follows:

In the Application [DESC] elected to have the rates established in this proceeding come under the Natural Gas Rate Stabilization Act ("RSA"), S.C. Code §§ 58-5-400 *et. seq.* (2005). Pursuant to the RSA Section 58-5-420(1), the Commission is required to specify a range for [DESC]'s cost of equity that includes a band of fifty basis points (0.50 percentage points) below and fifty basis points (0.50 percentage points) above the cost of equity on which rates have been set. Based on the stipulations of all Parties in the Settlement, and the cost of equity of 10.25% therein established, the Commission

specifies a range of 9.75% to 10.75% as the range of return on equity to be used in administering the provisions of the RSA for [DESC] until further order.

*See* Order No. 2005-619, p.7.

4. In its Application in Docket No. 2005-113-G, DESC, then known as South Carolina Electric & Gas Company, requested that the Commission make findings related to DESC's revenues, expenses, capital structure, returns, and other matters as required by S.C. Code Ann. § 58-5-410 (1976, as amended) and § 58-5-420 (1976, as amended).

5. In Order No. 2005-619, the Commission found as follows:

The RSA at Section 58-5-420(2) requires the Commission to make findings related to specific categories of revenue, expense and investment. All the required findings are set forth in Exhibit C of the Settlement which is incorporated as part of this Order.

*See* Order No. 2005-619, p. 7.

6. The Commission has not issued any general rate order concerning DESC's natural gas operations since the issuance of Order No. 2005-619.

7. In accordance with Order No. 2005-619, and pursuant to the requirements of § 58-5-430, attached hereto as Exhibit A is the information contained in Exhibit C of the Settlement Agreement updated for the twelve-month period ending March 31, 2019.

8. DESC has made pro forma and other adjustments to its per books financial data as required by § 58-5-430(2), (3) and (4). A schedule setting forth the details of these pro forma and other adjustments is included in Exhibit A.

9. As indicated in Exhibit A, during the twelve-month period ended March 31, 2019, DESC earned a return on its gas distribution operations after pro forma adjustments that was below the 9.75% lower end of its allowable rate of return range on common equity established in Order No. 2005-619.

10. As required by § 58-5-440(1), Exhibit A contains a calculation indicating the additional revenue required to bring DESC's rate of return on common equity to the midpoint of the range of 10.25% established in Order No. 2005-619.

11. Attached hereto as Exhibit B are the new rates and charges for gas service which have been designed in such a manner so as to allow DESC an opportunity to generate the revenue required to return the Company's rate of return on common equity to the midpoint of the range of 10.25% as set by the Commission in Order No. 2005-619.

12. As required by § 58-5-440, the proposed rate adjustments contained in Exhibit B conform with the revenue allocation principles set forth in Order No. 2005-619.<sup>1</sup>

13. Pursuant to § 58-5-455 (2015), DESC proposes to implement the rates reflected in Exhibit B for bills rendered on and after the first billing cycle of November 2019.

14. By Order No. 2018-308, dated April 25, 2018, the Commission ordered natural gas utilities to track and defer as a regulatory liability the effects resulting from the Tax Cuts and Jobs Act ("Tax Act"), which reduced the federal corporate rate from 35% to 21% effective January 1, 2018, and to be prepared to address Tax Savings in their next RSA proceedings. In the first quarter of 2018, the Company begin deferring estimates of income tax amounts charged through rates that relate to the effects of the Tax Act as amounts subject to refund with carrying costs. The Company continued to defer estimated amounts subject to refund until new rates were implemented reflecting the reduced federal corporate tax rate. The new rates were effective for bills rendered on and after the first billing cycle of November 2018.

---

<sup>1</sup> Pursuant to Commission Order No. 2006-679 issued in Docket No. 2006-5-G, the Company may adjust the cost of gas factors monthly, under the standards and procedures of that order as modified by Commission Order No. 2009-910 issued in Docket No. 2009-5-G. Any such adjustments, however, will not have any impact on this RSA filing or otherwise affect the Company's base rates.

15. In December 2017, the Company re-measured all federal deferred income tax assets and liabilities to reflect a 21% federal statutory tax rate. The amortization of amounts arising from re-measurement were deferred until the new rates were implemented, effective for bills rendered on and after the first billing cycle of November 2018.

16. The tariffs set forth in Exhibit B include a decrement rider (“Tax Reform Rate Rider”) for the refund of income tax amounts charged through customer rates relating to the effects of the Tax Act and deferred in a regulatory liability during the twelve-month period ended March 31, 2019. The decrement rider also includes the refund of amounts deferred related to the re-measurement of federal deferred income taxes. The decrement will expire after the last billing cycle of October 2020. To the extent customers are over or under credited, the over or under credited amount will be placed in a deferred account with interest at the 3-year U.S. Government Treasury Notes, as reported by the *Wall Street Journal*, either in its print edition or on its website, plus an all-in spread of 65 basis points (0.65 percentage points), to be recovered or returned in a future RSA proceeding.

17. The tariffs set forth in Exhibit B no longer include Rate 36, Gas Lighting. Rate 36 was closed to new installations as of November 2005. There are no longer any active customers on Rate 36; therefore, the Company is proposing to eliminate this rate schedule and remove it from our natural gas rate offerings.

18. In accordance with S.C. Code Ann. § 58-5-430 and § 58-5-455(1), on the same day, and by the same means, a copy of this filing is being served upon and filed with the South Carolina Office of Regulatory Staff. In addition, the Company is required to simultaneously mail or electronically transmit copies of this filing, including all attachments, to any interested parties who have requested in writing to receive such filing. As of the date hereof, there are no interested

parties who have requested in writing that they receive a copy of this filing and therefore none is being provided.

WHEREFORE, DESC respectfully requests that the Commission (i) accept and review the Company's quarterly monitoring report for the twelve-month period ended March 31, 2019, (ii) on or before October 15, 2019, issue an Initial Order approving DESC's adjustments to its rates and charges, implementing the Tax Reform Rate Rider set forth herein, and approving the removal of Rate 36 from DESC's natural gas rate offerings, and (iii) grant such other and further relief as is just and proper.

Respectfully submitted,

**GENERAL SERVICE**

**AVAILABILITY**

Available only to those customers having firm requirements on a peak day of less than 500 therms and using the Company's service for general commercial, industrial, agricultural, religious or charitable purposes. Only for residential where more than one dwelling unit is supplied through one meter. It is not available for resale.

**RATE PER MONTH**

Basic Facilities Charge:	November - April	<del>\$20.23</del>	\$21.58
	May - October	<del>\$16.06</del>	\$17.41

Plus Commodity Charge:

Billing Months of November-April

All therms @ ~~\$0.96579~~ ~~\$0.96432~~ per therm

**WEATHER NORMALIZATION ADJUSTMENT**

An adjustment to the commodity charges for the billing months of November-April above will be made in accordance with the Weather Normalization Adjustment.

**DEKATHERM BILLING**

Customers that have installed chart metering facilities may be billed on a per Dekatherm basis (1 dekatherm = 10 therms). The amount per dekatherm will be determined by multiplying the above by 10.

**MINIMUM CHARGE**

The monthly minimum charge shall be the basic facilities charge as stated above.

**UNMETERED GAS LIGHTING PROVISION**

Gas used for lighting will be determined based on BTU ratings of fixtures installed and will be billed the commodity charges listed above.

**SEASONAL BLOCK CHARGE**

A charge will apply for customers who disconnect service and subsequently request reconnection of service at the same premise within a 12 month period. This is commonly referred to as seasonal block. The charge will be based on the number of months the customer is disconnected times the basic facilities charge as stated above. In determining the months of disconnection, any number of days disconnected within a month constitutes a whole month of disconnection. If reconnection is requested to be performed after normal business hours, an additional charge of \$20.00 will be added to the charges as calculated above.

**ADJUSTMENT FOR RECOVERY OF GAS COSTS**

The commodity charges above include gas costs of \$0.50643 per therm and are subject to adjustment by order of the Public Service Commission of South Carolina.

**TAX REFORM RATE RIDER**

The commodity charges above include a decrease related to tax reform of ~~\$0.02365~~ \$0.03595 per therm for the refund of income taxes charged through rates and will be applicable as approved by order of the Public Service Commission of South Carolina.

**SALES AND FRANCHISE TAX**

To the above will be added any applicable sales tax, franchise fee or business license tax which may be assessed by any state or local governmental body.

**PAYMENT TERMS**

All bills are net and payable when rendered.

**TERM OF CONTRACT**

Contracts shall run continuously from time service is commenced at each location until service to customer is permanently disconnected. The peak day requirement contained in the Availability will be determined in the same manner as the determination of the category for curtailment of retail customers. A separate contract shall cover each meter at each location.

**GENERAL TERMS AND CONDITIONS**

The Company's General Terms and Conditions are incorporated by reference and a part of this rate schedule.

**RESIDENTIAL VALUE SERVICE**  
(Page 1 of 2)

**AVAILABILITY**

This rate schedule is only available to residential customers that meet the special provisions as listed below and are using the Company's service in individually metered private residences. For apartments or multi-family structures having not more than two (2) dwelling units, gas service for a central heating system for the entire building may be included in the account of one of the dwelling units. All gas service supplied to the second dwelling unit will be separately metered to comply with the provisions of this rate.

**RATE PER MONTH**

Basic Facilities Charge: **\$40.90** **\$10.90**

Plus Commodity Charge:

All Therms @ **\$1.04908** **\$1.08229** per therm

**SPECIAL PROVISIONS**

1. This rate schedule is available to those accounts where there is an average usage of at least 10 therms during the billing months of June, July and August. The average usage is derived by combining the therm usage for each of the billing months previously listed and dividing by three.
2. Therm usage during a billing month of other than 30 days, used to determine eligibility under this rate schedule, shall be adjusted to a 30 day billing period by application of a fraction, the numerator of which shall be 30 and the denominator of which shall be the actual number of days in the billing period.
3. The calculation as described in 1. above will be performed annually for each residential account. Accounts not meeting the standards of Rate 32V will be placed on Rate 32S beginning with the billing month of November of each year.
4. Availability of this rate schedule for new premises will be based on reasonably anticipated base load usage. Availability of this rate schedule for new accounts at existing premises will be based on the previous account's usage. If this usage is unavailable, the customer will be initially placed on Rate 32S Residential Standard Service.

**WEATHER NORMALIZATION ADJUSTMENT**

An adjustment to the commodity charges for the billing months of November-April above will be made in accordance with the Weather Normalization Adjustment.

**MINIMUM CHARGE**

The monthly minimum charge shall be the basic facilities charge as stated above.

GAS

**RATE 35**

**TRANSPORTATION AND STANDBY SERVICE**  
(Page 2 of 2)

**DELIVERED GAS QUANTITY**

When separate metering is not feasible, the Company shall assume for billing purposes, unless otherwise agreed to, that such metered volumes reflect deliveries under this rate schedule prior to gas received under any other rate schedule.

The quantity of transportation gas received into the Company's system for the customer's account to be delivered to the customer by the Company shall be reduced by 3% in measurement for line loss and unaccounted for gas.

The volume of gas received on a daily basis for customer's account may not equal the volume, less shrinkage, delivered to the customer. The result will be deemed an imbalance. Customer's account will be reviewed at the end of each month, or on termination of Transportation Service or curtailment or discontinuance thereof. If the imbalance is such that the customer has received more gas than was delivered to the Company during the period under review, customer shall be billed for such as standby service. If the imbalance is such that the customer has received less gas than was delivered to the Company, the Company may exercise one of two options, in its sole discretion. The Company may: (1) deliver the excess gas to the customer, over the next calendar month succeeding the review, at such times as the Company shall determine in its sole discretion; or (2) buy excess gas at Company's lowest delivered purchase price in that month from any of Company's suppliers.

**LIABILITY**

The Company shall not be liable for curtailment of service under this rate schedule or loss of gas of the customer as a result of any steps taken to comply with any law, regulation, or order of any governmental agency with jurisdiction to regulate, allocate or control gas supplies or the rendition of service hereunder, and regardless of any defect in such law, regulation, or order.

Gas shall be and remain the property of the customer while being transported and delivered by the Company. The customer shall be responsible for maintaining all insurance it deems necessary to protect its property interest in such gas before, during, and after receipt by the Company.

The Company shall not be liable for any loss to the customer arising from or out of service under this rate schedule, including loss of gas in the possession of the Company or any other cause, except gross or willful negligence of the Company's own employees or agents. The Company reserves the right to commingle gas of the customer with other supplies.

**SALES AND FRANCHISE TAX**

To the above will be added any applicable sales tax, franchise fee or business license tax which may be assessed by any state or local governmental body.

**PAYMENT TERMS**

All bills are net and payable when rendered.

**TERM OF CONTRACT**

The customer shall execute an Agreement of Service with the Company which shall specify the maximum daily volume of gas to be transported, the period of time that the Company will receive such gas, and all conditions under which delivery to the Company will be accepted and delivery to the customer will be made. The customer must provide the Company with all necessary documentation of ownership and authorization required by any regulatory body with jurisdiction.

**GENERAL TERMS AND CONDITIONS**

The Company's General Terms and Conditions are incorporated by reference and a part of this rate schedule.

**ANNUAL NOMINATION**

Customers must elect to receive a) Transportation Service only, b) Transportation Service with Standby Service, or c) Standby Service only for each applicable period. Such elections must be made to the Company in writing by October 15th of each year to be effective for each month during the period November 1st to October 31st following. New customers under this tariff shall elect volumes at the time their service contract becomes effective. If no prior election has been made then the customer will receive Standby Service only. If any customer fails to make a timely election, then the prior period election will carry over for the following period. All elections shall be binding for the duration of the November 1st to October 31st period and may not be revoked, suspended or modified by the Customer.

# **DOMINION ENERGY SOUTH CAROLINA, INC.** **WEATHER NORMALIZATION ADJUSTMENT**

## **APPLICABILITY**

This Weather Normalization Adjustment (WNA) is applicable to and is a part of the Company's firm gas rate schedules 31, 32V, 32S, and 33. The commodity charges per therm for each customer account during the billing months of November through April will be increased or decreased in an amount to the nearest one-thousandth of a cent, as derived by the following formula:

$$WNA = \frac{WSL \times R}{ATH - BTH}$$

$$\text{Where: } WSL = \frac{ATH - BTH}{ADD} \times (NDD - ADD)$$

**WNA** = Weather Normalization Adjustment factor for a particular account expressed in dollars per therm.

**WSL** = Weather Sensitive Load which is the difference in the amount of therms that would have been consumed by the customer during normal weather and the amount of therms actually consumed.

**R** = Approved rate less cost of gas for applicable rate schedule determined as follows:

<u>Rate 32V</u>	
R= \$0.42355	R= \$0.45676

<u>Rate 32S</u>	
R= \$0.48355	R= \$0.51676

## **TAX REFORM RATE RIDER**

The commodity charges above include a decrease related to tax reform of ~~\$0.00770~~ \$0.01157 per therm for the refund of income taxes charged through rates and will be applicable as approved by order of the Public Service Commission of South Carolina.

<u>Rate 31</u>	
R= \$0.46260	R= \$0.46113

<u>Rate 33</u>	
R= \$0.41260	R= \$0.41113

## **TAX REFORM RATE RIDER**

The commodity charges above include a decrease related to tax reform of ~~\$0.02365~~ \$0.03595 per therm for the refund of income taxes charged through rates and will be applicable as approved by order of the Public Service Commission of South Carolina.

**ATH** = Actual therms consumed by customer during current billing period.

**BTH** = Base load therms which is the average of the therms consumed by customer during the previous billing months of June, July and August. If BTH is greater than ATH, then BTH will equal to ATH. If base load therms cannot be determined, then base load therms will be as follows:

Rate 32V = 18 therms  
Rate 31 = 19 therms

Rate 32S = 4 therms  
Rate 33 = 739 therms

**NDD** = Normal heating degree days during customer's billing period authorized by the Commission.

**ADD** = Actual heating degree days during customer's billing period.

The appropriate revenue related tax factor is to be included in these calculations.
